

FFC Board Meeting

January 20, 2021

Present: Sue Torelli, Dan Feinberg, Adam Cohen, Kim Kotkoskie, Mike Nichter, Mary LaPoint

Indoor Space

It is unclear how long we will be able to use Sportsplex so there is a need to secure indoor space.

Ray Legerre from the Armory is offering FFC to act as a broker for the space and take over responsibility for scheduling our practices as well as any other Clubs or sports teams use of the space.

Discussion points and questions:

- Does our insurance cover the facility?
- This would put the Club in a position to secure space during these uncertain times.
- Would someone from FFC have to go down and monitor the space?
- Would FFC have to front the money and then collect from other Clubs?
- It would be ideal to have an independent person oversee the use of the Armory.
- What would the hours of use be?

The Board voted 6-0 to move forward with the discussion with the Armory.

Masks

Adam will move forward with ordering masks for the travel team players. Cost is \$3.50 per mask. FFC will absorb the cost of the masks.
