Masks

- Board voted 12-0 to require unvaccinated players to wear masks indoors and vaccinated players to wear masks indoors at players/parent discretion.
- Kristin will send mask and lights/field info to Coaches.

Uniforms

- Per Lacey, U10/U12 have ordered uniforms. Majority of uniforms are completed. There was a glitch where some orders were lost by Afrims and there was a delay in shipment from Puma. U14 Boys and Girls have been given the green light to start with their orders.
- Board voted unanimously to pay for Coaches shirts and jackets.

Fields/Equipment

- Lacrosse Tournament is Saturday, 10/30. We will need to move goals off on Friday, 10/29 and back on Sunday, 10/31. There will be no Fall Ball that weekend.
- Board voted unanimously to pay for lights for the fields. Lights are rented through 11/14/21.

Town

- Sue, FJ, and Mike T. had a meeting with the Town. The Town wants more structure to how Clubs are using the fields.
- The Town submitted a MOU to FFC for field treatments which is the same as previous years. Per the Town's lawyers, the Town must hold the TruGreen contract though FFC will pay for the treatments. The MOU doesn't include language that speaks to how FFCs investment in the fields will be protected.
- It doesn't appear, at this time, that the Town will charge youth clubs for use of Maalwyck.

Finances

- Jay submitted financials for YTD.

Registration

- Nicole is asking that Coaches reach out to parents to ensure that players are registered. She has also sent emails.
