### **Travel Soccer**

Travel soccer registration is open. Kristen sent out a list of players to Coaches. Rosters have not been submitted yet. Per Kristen we need 6 coaches to complete the teams. She asked the Board to promote coaching with others. FFC has a number of resources to support new coaches.

Coaches meeting next week.

Per Kristen, CDYSL has released required trainings for Coaches. This information has been sent to Coaches.

Got Soccer is erasing player pictures to ensure updated pictures are uploaded. A Club email will be sent out informing players and families.

### **Rec Soccer**

Rec soccer is open, currently have approximately 100 kids registered. Plan is for flyers to go out the 1<sup>st</sup> day of school as Rec starts that next weekend.

### **Fields/Equipment**

New golf cart ordered and should be here by mid-September. Per FJ there is a person interested in the older cart that is running. There is another golf cart that is not working and a decision needs to be made regarding what to do with this cart. Dealer is willing to give us a \$1k trade in on the Gator which needs a lot of repairs with difficult to obtain parts.

Field Lines – Waiting to hear back from CDYSL if FFC is doing Fall Ball. If not, we do not need to lay as many lines as previously. Once this is determined Sue will reach out to have fields line.

Discussion re. renting vs buying lights. Adam discussed options, will send information to Sue and FJ for review.

Veo Cameras – Were purchased approximately 2 years ago and while FFC hasn't consistently used this tool Adam advocated that FFC continue to subscribe to the Veo product and promote its' use with Coaches. Decision made to talk with Coaches at the next Coaches meeting to discuss if they would use it/find it helpful.

Cost of Veo:

Monthly -\$199

6 month - \$899

Annual - \$1499

24 Month - \$2699

**Town of Glenville**

Oktoberfest is September 24<sup>th</sup>.

**Finances**

Jay sent out quarterly and yearly report.

Per Jay, Got Soccer doesn't do a great job outlining what deposits are for so its difficult to determine any variability in numbers.
